The Annual General Meeting

By W. J. FOPE

THE Council Room at the Waldorf Hotel was an ideal venue for our annual gathering, and it was pleasing to see such a fine representative gathering of local fans to review the past year's working, and consider future developments. The growth of the game has been so great in recent years, and so many new leagues, clubs and individual enthusiasts have been brought into the game as players and officials that the paths which have led to success in the past are not always known. The enthusiasm for our game is unique — in no other game is there such keenness for progress — and old hardened legislators, new representatives and eager propagandists were represented by the delegates of 41 Leagues.

The council decided to continue it in its present size wood handle. Beautifully balanced

The Conference overwhelmingly supported the decision of the Executive Committee. Mr. Montagu's handling and marshalling of the facts was masterly and obviously impressed the members, and there appeared to be no doubt left in anyone's mind that the utmost care and consideration had been given to the matter.

The difficulties in the publication of the Official Handbook were considered, but the meeting decided to continue it in its present form, and in all other matters the work of the Executive Committee was approved. Mr. Vint reported in his usual efficient and business-like manner and took us through every detail of the accounts. He explained it is unfortunately impossible to submit a complete statement for the year at this period, as it is inevitable that items of income and expenditure are still outstanding in connection with the various activities of the Association. The balance in hand (£189 17s. 6d.) could therefore not be taken as a criterion of the financial position, but told us he was optimistic, that we should again pay off some of the loans in connection with the World Championship.

The report of the past year's working having been disposed of, the meeting then took the Agenda, which dealt with the future. Regulations regarding dress led to a very interesting discussion, some delegates feeling that the time has come when we should adopt one colour as in Lawn Tennis; but eventually a resolution was carried that leagues and clubs should be asked to adopt regulations that each team play in one colour. It was also decided that a regulation should be adopted making grey rubber shoes compulsory. The Executive Committee was empowered to form County or Area bodies, where affiliated organisations in any area desired them; but the suggestion that such bodies should be financially supported from the national funds was withdrawn. Probably the most important discussion took place upon the programme for next season.

The meeting ended with a vote of thanks to the Chairman for the efficient way he had conducted the meeting, and there was then held the usual informal gathering of the "fans." General satisfaction was felt at the present state of the Association in the country, the enthusiasm and keenness of the membership, and pleasure was expressed that new and flamboyant schemes, unfounded criticism and "revolutionary" programmes found no advocates or support amongst responsible members.
Table Tennis in Hungary

BY VICTOR BARNÁ

THERE is no more important event in Hungary than the National Table Tennis Championship. The teams consist of six players each, and therefore 36 best-of-three matches are necessary to decide a single tie in this event, which is run on the League plan. All clubs make big efforts to win this part of Hungarian Table Tennis tradition.

In the last few years the D.S.C. (Duna Sport Club) was invincible; their team, under the charge of half the cost of a new one is made. A rather stout "fan" wearing leather soles had the ill-luck to slip and the greater ill-luck to sit down heavily on the ball. Upon making the usual request the unfortunate one pointed eloquently to a rather large crack in the concrete floor and said: "And I suppose you'll charge me for doing that, too!"

FRENCH CLOSED CHAMPIONSHIPS

MEN'S SINGLES.—Hagenauer beat Agopoff, a promising young player, ranked 17 in last year's ranking list.

WOMEN'S SINGLES.—Delay beat Delarue. In semi-final Delarue beat Soullé.

TO OUR READERS

This is the last of the eight issues for the season 1936-37, and the Editorial Board wish to thank all our subscribers and advertisers for their continued support. It is probably the last issue of the magazine in its present form as our success has led to demands, voiced at the General Council Meetings, for a more ambitious publication.

A scheme is now under consideration for the production of a full-size magazine, with cover, to be edited by an experienced journalist; and if our plans mature we shall be able to provide a magazine worthy of the game in every respect. A communication will be sent to every subscriber in due course, and we hope we shall have the support and assistance of all our friends.

In a Sheffield Hall, when a ball is stepped on or broken, otherwise than in play, a charge of half the price of a new one is made. A rather stout "fan" wearing leather soles had the ill-luck to slip and the greater ill-luck to sit down heavily on the ball. Upon making the usual request the unfortunate one pointed eloquently to a rather large crack in the concrete floor and said: "And I suppose you'll charge me for doing that, too!"

Ladies and Gentlemen,

The Executive Committee have pleasure in presenting the following report on the work which has been undertaken on behalf of the Association since the last Annual Meeting.

1. MEMBERSHIP.—The present membership of the Association is as follows—

1936-37

Leagues and Associations 158
Directly Affiliated Clubs. 73
Special Affiliations. 9
Individuals. 26

There are still a number of Leagues which have not yet affiliated, and we would urge members to do their best to persuade any such Leagues known to them to become attached to the Association.

2. MEETINGS.—The Executive Committee have met on five occasions and the General Council twice. The following members were appointed at the commencement of the season to the following Committees:

- A. A. Haydon (Cap.), M. B. W. Borg, K. Hyde, A. G. Millar, Mrs. Swann, Miss Osborne (Captain), Miss D. Jordan, Miss W. Wheaton, Miss Woodhead.

3. SELECTION COMMITTEE.—A Selection Committee, consisting of Messrs. Montagu, Woodcock, Swann, Pope and Haydon was appointed at the commencement of the season and they have carried out their exacting duties with great thoroughness. A system of trials for players was again introduced. The country was divided so as to provide six areas, and as a result of games played in these districts 30 players took part in a final trial in London.

4. INTERNATIONAL MATCHES.—The following International Matches have been played during the past year:

  - Hungary (Bristol) ..... Loss ..... 3-6
  - Hungary (Manchester) ..... Loss ..... 1-8
  - Hungary (Blackpool) ..... Loss ..... 9-0
  - Hungary (Birmingham) ..... Loss ..... 9-0
  - Wales (Men) (Newport) Win 7-2
  - U.S.A. (Birmingham) Loss 2-7
  - Irish Free State (Liverpool) Win 10-1

5. WORLD CHAMPIONSHIPS.—A men’s team and a women’s team journeyed to Baden for the Swaythling and Corbillon Cup Competitions and the World Singles and Doubles Championships. Miss W. Wheaton, Cup we gained 7th place out of 13, and in the Corbillon Cup we were placed 5th out of 9. Miss Osborne and Miss Woodhead reached the Semi-Finals and the Executive Committee has extended to these players their congratulations on this well-deserved achievement. Mrs. Hutchings reached the Quarter-finals in the Singles.

Teams: Men—A. A. Haydon (Captain), M. B. W. Borg, K. Hyde, A. G. Millar, Mrs. Swann, Miss Osborne (Captain), Miss D. Jordan, Miss W. Wheaton, Miss Woodhead.

6. NATIONAL OPEN CHAMPIONSHIPS.—The National Open Championships were again organized on a large scale. The preliminary rounds were held at Paddington and the finals at the Wembley Stadium. The results of the Championships were as follows:

- Men’s Singles. V. Baran
- Women’s Singles. Miss R. Aarons
- Women’s Doubles. Miss M. Osborne and Miss W. Wheaton
- Mixed Doubles. Miss R. Aarons and Mr. J. Stanley
- Veterans. A. Melnick

7. OPEN TOURNAMENTS.—Thirty-six Open Tournaments were sanctioned by the Committee. Owing to the large number of Tournaments taking place a great deal of difficulty was experienced in avoiding clashes. The tendency on the part of Tournament Committees to arrange their events in the latter part of the season causes some of the confusion, and it is felt that if an attempt were made to arrange more events in October, November or December it would greatly ease the situation.

8. NATIONAL LEAGUE.—A Sub-Committee consisting of Messrs. Swann, Goldstein, Batty and Rowlandson were appointed to operate a National League.

The Emphasis Stadium offered to present the Association a trophy for National competition, and it was decided by the Committee to award it to the champions of the League. The report of this Committee will be dealt with in the recommendation which is being made to hold a Summer Conference.

9. FOREIGN PLAYERS’ TOURS.—Two very successful tours of foreign players were arranged. The players taking part were Baran, Bella, Kelemen, Liebendörfer Sebald, and they visited no less than 50 centres, and it is estimated they played before 50,000 spectators.

TABLE TENNIS

Congratulations, Mr. Montagu! I cannot find words vivid enough to describe this brilliant work on our game. There has never been a more comprehensive and instructive book. Each page contains paragraphs of great interest and insight. It is a book for the beginner as well as for the expert. It is the reference book for every international to read and study. And so, dear reader, please do me the honour of taking my advice and securing a copy at once, you cannot afford to be without it.

to make themselves familiar with the regulations governing their activity and it suspends Miss Ruth Aarons from all participation in Table Tennis from 20th April to 30th June, 1937. This decision will be communicated to all nations affiliated to the I.T.T.F."

Mr. Glickmann. "The Executive Committee of the E.T.T.A. has, at the same time, examined the case of similar exhibitions given in this country by Mr. Glickmann, without permission having previously been requested. The Executive Committee accepts his statement that a contract for the Exhibitions was entered into in good faith and without the knowledge that any procedure which might be necessary in respect to permission, had not been carried out in order. For the same reason as that noted in the ancillary case of Miss Aarons, it suspends Mr. Glickmann from all participation in Table Tennis from 20th April to 30th June, 1937. This decision will be communicated to all nations affiliated to the I.T.T.F."

Mr. Steer was suspended for playing at a dance hall in an unaffiliated premises for remuneration without permission, and Messrs. Waite, Newman, Joyce and Lisle were suspended for not paying their registration fees as paid players. Mr. McGregor, the ex-Secretary of the Bristol League, has been suspended at the request of the League for financial reasons.

15. COUNTY CHAMPIONSHIP.—The Yorkshire Association applied for permission to organise a County Championship and this has been granted.

16. "CHISELLING."—The Committee has been very concerned with the type of play which has become known as "chiselling," and, after consideration, it was decided that at any closed tournament or any open tournament the championship committee shall be authorised in extreme cases to disqualify any player guilty of deliberate unentertaining defensive play. The event of a tournament adopting such a policy an indication of the regulation is to be given on the entry form.

17. BRITISH SPORTS AND GAMES ASSOCIATION.—The Association has been represented on the British Sports and Games Association by Mr. G. Corti Woodcock, and a donation of £110 has been made to King George's Jubilee Trust Fund.

18. CENTRAL ADMINISTRATION.—Your Committee has given very careful consideration to the general development of the administrative side of the game and at their meeting in July last they appointed Mr. L. E. Forrest as a full-time Assistant Secretary. The Committee desire to place on record their keen appreciation of the loyal and efficient service that Mr. Forrest is rendering to the Association, Mrs. M. A. Carrington, as a volunteer, has been of great assistance in the office and the Committee very much appreciate her services.

19. FINANCE.—The accounts for the year ended the 30th June, 1936, revealed a surplus of £369 16s. 4d., which was disposed of by transferring £250 to the World Championships (1935) Account and paying off a deficiency of £43 4s. 9d. from the previous year. A receipts and payments account for the period ended 21st April, 1937, will be submitted by the Hon. Treasurer.

20. OFFICIAL HANDBOOK.—The Official Handbook was again published. The general growth in the game makes the production of the Handbook increasingly difficult, and, after consideration, it was decided that the possibility of revising the present form so as to enable it to be published earlier in the year will be communicated to all nations affiliated to the I.T.T.F."

The Committee desire to thank Mr. W. C. Charlton, Miss R. Smits, Misses G. and B. Capper for the work they have done in connection with the publication.

21. MAGAZINE "TABLE TENNIS."—"Table Tennis" has had eight issues during the past year. The circulation figure is over 3,000, and it is hoped by the end of the current financial year that a profit of £50 will have been made on this account.

22. WORLD CHAMPIONSHIPS, 1936.—An official invitation has been given to the Committee that the World Championships will be held in London in 1938. Your Committee has appointed a sub-committee to commence the preliminary work.

23. COMMITTEE ATTENDANCES.—The Committee attendances of members of the Executive Committee have been as follows:—

THE WILMOTT CUP

By "CESAR"

The Semi-Final and Final of the Wilmott Cup competition took place on Saturday, 1st May, at Kennards Store, Croydon. It was to be deplored that this coincided with the Annual General Meeting of the English Table Tennis Association. There must have been several people who had to choose between one and the other.

The organisation, under the direction of Mr. C. G. Milton, was perfect.

The attendance of spectators was not as great as was anticipated; but this may be discounted by the Cup Final, the bus strike, and the lateness of the season.

The match between Mr. C. G. Milton, was perfect.

There must have been several people who had to choose

and the lateness of the season.

The Cup competition took place on Saturday, Liverpool, Surrey, and South London, the latter being the eventual winners.

In the Semi-Finals Liverpool (Ken Hyde, Eric Hyde, E. J. Filby) played Surrey (Moreton, Rogers and Swetman). This resulted in a win for Liverpool by 5 events to 1.

The score, however, must not be taken as an indication of the play. Each match was fiercely contested, and the interests of the spectators was kept up till the end.

The match between Moreton and Eric Hyde, which ended in a win for Moreton, 16-21, 21-19, 21-18, was nothing less than classic. Time and again the audience yelled its approbation at the terrific hitting and superb play rendered by these two players.

Moreton has improved tremendously. If he keeps it up he should go far.

Rogers was playing well, but his opponents were just that little bit better. It says much for this young man, that having learned a backhand, he is not afraid to use it. It is not much good at the moment, and he means to keep it up to anyone who deprecates it.

The fact, though, that he is trying, and means to keep on trying, augurs well.

Ken Hyde, though he won his games comfortably, was definitely off colour. There was a noticeable lack of sting in his forehand hit, and his drop-shot was continually standing up and begging to be killed.

Sweetman had a very close match with Bamford, but the honours went to the Liverpool player, as Swetman did little more than push the ball back.

In the other half, South London (Marshall, Coles, Filby) was drawn against Manchester (Cromwell, Lurie, Cohen). The visitors lost by 5 events to 3.

Here Marshall was the shining light, and beat the three Northeners without the loss of a game.

Filby was playing well, and was unlucky to lose to Lurie-17-21 in the third game.

Coles just "chiselled."

Lurie, with the exception of his match against Filby, seemed to play without any spirit, and did not for one moment show that finesse and high standard of play that is demanded from a Swaythling Cup player.

Cromwell and Cohen were up to form, and had they been better tacticians, the results of their games might have been different.

THE FINAL

South London carried off the cup by beating Liverpool 5 events to 2.

The first match of the evening was between Marshall and Bamford. Marshall started hitting in his usual style, but was defeated in the first game by that very elementary principle—variation of "chop."

At the conclusion of this game, Marshall gave a terrific snort, rolled his shoulders in his immense manner, and started some real hitting—Bamford didn't stand a chance.

Following on them came Ken Hyde and Coles. And here—magnificence! Coles abandoned his usual unadorned style of play, and made a determined effort to play an all-round game. He succeeded!!!

He gained the first three points by forehand smash across the line. (Yes! This from Coles!) This unsettled Ken Hyde, and by the time he got going, the game was over, 21-12, in Coles' favour.

The second game was almost a repetition of the first. Cole's defence was much too strong for Hyde's lukewarm hitting, and again and again Coles came up to hit a ball, which left Hyde standing.

The general standard of play was very high, there not being one "chiselling" match throughout the evening. The spectators were very interested and seemed to enjoy every bit of it.

The evening finished up with Mr. A. J. Wilmott, the donor, presenting the Cup.

Suggestions for the Future

By W. Hinchcliffe, Secretary

NOW that another successful season has been concluded, it is time, once again, to look to the future. No doubt during the course of the season we have all noted various points meriting consideration, and it may be that those I have in mind have already attracted attention. They are perhaps minor matters, but attention to detail is sometimes liable to wreck the best organisations.

DRESS

The first point is dress.

In the League of which I am General Secretary, there are teams wearing various shades of red shirts, various shades of blue shirts, grey, brown, green, and black shirts, whilst other teams have no fixed colour, but each player exercises his own taste in regard to the particular colour he wears.

This confusion of colours, which I believe is fairly general amongst the affiliated Leagues, is seen at its worst in representative matches.

My League has provided shirts of the same colour for all our players in representative matches, but not so our visitors.

Almost invariably our opponents are clothed in many colours, and if there should happen to be two blue, or two red shirts in the team, they are certain to be of different shades. The effect on the spectators of these multi-coloured teams is detrimental to the well-being of the game, and this is borne out by a remark passed by a spectator at one of our Inter-League matches.

This gentleman was seeing representative Table Tennis for the first time, and at the conclusion of the match, in which our team was severely beaten, he was asked for his opinion. His reply was "They (the visitors) are certainly very fine players, but why don't they dress like a team, and not like a motley collection of political partisans? You have set them an example in that respect."

I submit that all these varying colours are not only unnecessary, but may even be harmful to the game. At no time during the well-being of the game, and this is borne out by a remark passed by a spectator at one of our Inter-League matches.

NEW RULES OF THE GAME

LOWER NET! NO FINGER-SPIN!

Our A.G.M. decided to support the proposed new rules for 1937—38; and so next season the net will be lowered to 6 inches and finger-spin will not be allowed. The I.T.T.F. has not yet worded the new rules, but they will come into operation in September. It has also been decided to draft a rule to deal with "chiselling," but particulars are not yet available.

BOURNEMOUTH gained inter-League victory at Southampton, 15—10, and thus avenged home defeat. First Ladies' inter-League match resulted in defeat at Southampton 7 games to 18—Miss M. Macdonald took honours with four wins.

SUNDERLAND.—T. F. Ewbank, the Y.M.C.A., and international player, has, at long last, succeeded in capturing the League Individual Championship. On several occasions in his long career the title has just slipped from his grasp, with the result that many considered he was fated not to win it. But, with the help of his clubmate E. Beasy in the semi—final, and J. Machin in a closely—contested final.

Atlas and Norfolk won League Championship; Edgar Allen's, Ladies Championship; Sheffield Emp. Ex. won Division 2 Championship; Hanover St. Meth. "B," Division 3; and Rotherham Boys' Welfare, Division 4.

HANLEY.—"A" a good, clean, fast and interesting sport" was how the Deputy Leader (Mr. J. H. Dale) described Table Tennis when he spoke at the annual dinner and presentation of trophies of the Hanley League.

North-East Lancashire

The North-East Lancashire Association sprang up naturally. In the Singles Championship of N.E. Lancashire, organised by Accrington, Burnley, Nelson and Ribblestake, there were competitors from eight Leagues. Long before the championship arrangements were completed, these Leagues had decided to form an Area Association to cater for the Table Tennis enthusiasm in the densely populated N.E. Lancashire cotton towns.

The elected officials are busy arranging the programme for next winter. This is certain to include a Singles Individual Championship and a Doubles Championship. Already it is anticipated there will be an inter-League "Knock-out" and in addition an inter-Town League is suggested. Up to now it has received considerable support.

Sir Thomas Higham, the President, is actively interested. He loaned his connections in his home town, and presided at the inaugural meetings and for the championship that followed. Already a busy man, the Chairman, Mr. W. Chapman, is an experienced organiser in the realms of sport, and a prominent public figure in East Lancashire. The General Secretary, Mr. W. A. Peters, is assisted by a capable and enthusiastic assistant in Mr. A. D. Smith, also the Secretary of the Ribblestake Association, and in Tom Berrill is a first-class wire as Tournament Secretary. He is full of ideas for the promotion of the game.

Six leagues have assented to all the proposals, and two others are expected to consent which will provide keen rivalry in all the competitions. There are approximately 135 clubs connected with the affiliated leagues, and the Association expects to secure the affiliation of two leagues not at present connected with the E.T.T.A., which will bring the league strength to ten.
Dartford and District League's Progress

Formed in September, 1936, as a result of the visit of the "Three Hungarian Musketeers," brought to Dartford by Mr. W. J. Pope, this young league has just concluded a most successful first season.

Commencing with 13 clubs, approximately 200 members, divided into East and West Division, it has issued an attractive handbook, staged a further match and exhibition—Budapest versus South of England—aclubinating 600 spectators, supported Wembley National Championships by sending motor coach parties. Ran Singles and Doubles Championships of 78 entries in one evening attracting 300 interested supporters, and completed the season’s events by having G. V. Barna with M. Szabados to present the League's Trophies and Medals and give exhibitions at the play-off for the Team Championship between winners of the East and West Divisions, witnessed by 350 enthusiastic supporters.

In honour of G. V. Barna's visit and association with the League, one of the trophies has been named after him.

League trophies and winners are as follows: H. C. Iverson Silver Challenge Cup—Singles: A. Sangster; runner-up, S. Basdon; G. V. Barna Silver Challenge Cup—Doubles: S. Basdon and J. Jarman; runners-up, E. Champion and K. Abberley. "Kentish Times" Silver Challenge Cup—Doubles: H. C. Iverson and W. Pope.

The league has been well supported throughout the season by the President, the Mayor of Dartford, Councillor Alec Webb, and Vice-Presidents, including Mr. Frank Clark, M.P.

Arrangements under consideration for next season are Premier, North, South, East, West and Ladies' Divisions, Coaching, inter-League and County matches and special arrangements for the League Team.

Local clubs interested apply to Mr. P. C. Evans, 44, Herbert Road, Boxleyheath, Kent.

Table Tennis in Wales

By RON. H. WELSH

I look back on the season that has just closed with a great deal of satisfaction. A season that has probably been the most successful in our history. The game has shown a considerable increase in popularity throughout South Wales, while great strides have been made by the players from North Wales.

Tourism organisations have found the response to their efforts much better than hitherto. Exhibition sides comprising of well known players have travelled extensively in an endeavour to take the game into areas where it has never been played. Much good has been done and a number of new clubs formed.

To the observer outside the Principality

the game must still be regarded as in its infancy. This is partly true. The standard of play still falls short of the game played by the Continental and English players. However, one pleasing feature is the ascendency of the tennis-grip over the unorthodox styles. The advance of certain young tennis-grip players must be considered as a good sign for the future. The Welsh Association is naturally keen to give this type of player every encouragement, and rightly so. We fully realise that the old styles must go if our players' progress is to be maintained. It may yet take several seasons to bring our standard of play to the level of other countries, but we shall do it, the enthusiasm is there.

While we regard the advancement of our men players with optimism, the future of our lady players seems a little uncertain. With the notable exception of Mrs. H. R. Evans, it would be difficult to name six players of more than average ability.
