

Table Tennis England Selection Policy

V1.3

European Youth Championships Ostrava, Czech Republic, 7-16 July 2019

1. Event Purpose

Table Tennis England will select players to this event in order to achieve the following objectives:

- a. Reach the last 64 of the singles events and/or
- b. Reach the top 18 of the team event

2. Eligibility

Table Tennis England will only consider athletes for selection who comply with the Table Tennis England Major Championships Eligibility Policy 2019.

3. Scope of the Team

Table Tennis England may select up to the number of players authorised by the ETTU through the following selection process.

a) European Youth Championships Singles Competition

The selection panel may select up to the number of players authorised by the ETTU to represent England at this event.

Eligible athletes will be considered first under the automatic criteria (point 4a);

Should athletes not achieve selection directly for the singles competition, but are subsequently selected for the team - they will also then receive a singles entry.

b) European Youth Championships Team Competition

The selection panel may select a team from the selected singles players to represent England at this event.

If the minimum team size is not yet reached (Cadet=2, Junior=3), then the selection panel may select additional eligible players under the Wild Card Criteria (point 4b) to reach the minimum team size.

The panel may additionally select one extra player above the minimum team size in each age group team under the Wild Card Criteria (point 4b), provided that at least one player is selected through points 1, 2 or 3, under the Automatic Criteria (point 4a). If a player is only selected through National Champion in their age group under the Automatic Criteria (point 4a) 4, then no additional player over the minimum team size may be selected.

c) European Youth Championships Mixed Doubles & Doubles Competitions

The selection panel will decide the pairs from the selected players under the Wild Card Criteria (Point 4b). The panel may not select any additional players under this category to make up pairs unless the players are already selected under the singles or team category. The selection panel may select up to the number of pairs authorised by the ETTU to represent England in these events.

4. Criteria

Selection can be achieved either automatically or as a wild card by the Selection Panel, as follows:

a) Automatic Selection

Eligible athletes will gain automatic selection, subject to compliance with the rest of this policy, if they meet one or more of the following criteria:

1. Top 64 ETTU ranking (age group specific)
2. Top 250 ETTU senior ranking
3. Last 16 of World Junior & Cadet Circuit events in last 12 months (age group specific)
4. National Champion - provided in current age group (age group specific)

In the event there are more automatic selections than places, places will be offered in the following way:

1. Order: places will be offered in the order listed above until the maximum number in each team is completed.
2. Should any one criteria (1-3 above) have more players than places, then the players in that criteria may be required to play off for that place(s). Table Tennis England will advise the times and venues of this as soon as practical, the dates are specified below.

If players are unavailable on those dates, the panel may consider this in their deliberations. However, unless players are on international duty or suffering illness or injury (with medical information available), then the panel may choose to discount any player that does not make themselves available for the play off process. Table Tennis England will use the play off process as much as possible, but may have to defer this decision to the Wild Card Selection Panel to resolve.

b) Wild Card Selection

If there are still places available after Automatic Selections have been accommodated or if there are more players than places available and play offs are not appropriate (in the sole opinion of the Selection panel), then the Selection Panel may choose to select up to the number of spaces available as set out in Scope of the Team. The panel may choose any eligible players and are not required to consider any particular set of factors or information. They may select any player(s) who they believe may contribute to the overall objectives of the competition or the objectives of Table Tennis England. The panel are not required to provide reasons or rationale for their selections and no appeals for non-selection under this part of the criteria will be accepted.

For the avoidance of doubt, the Selection Panel is not required to select any singles Wild Cards but may choose to do so if space is available. If players have been selected under point 4a or 4b for the singles event, the panel will formulate the pairs for the doubles and/or mixed doubles events.

5. Medical

At the time of their selection, any selected athlete may have their medical and/or musculoskeletal status confirmed by a nominated Table Tennis England Medical adviser. Any selected athlete may, at any other time, be required by the Director of Sport (and/or his delegate) to undergo fitness or medical assessments to ensure that they have maintained an adequate level of fitness to perform to the best of their ability. The Director of Sport (and/or his delegate) will specify the process by which a selected athlete is to confirm his or her continued health and fitness, which might include participating in certain events or undergoing fitness tests.
