

FACILITIES

MODEL DESIGN BRIEF SIX-TABLE CENTRE

Playing area:	Minimum area 22m x 18m x 4m, or 32m x 12m x 4m (6 tables at Grade 3, or 10 for practice at Grade 4, or 3 at Grade 2)
Toilets*:	Male: 2 wc + 3 urinals + 2 basin Female: 3 wcs + 2 basin Disabled: 1 standard cubicle * Subject to Local Authority Public Health requirements
Changing:	Male: 20 changing + 5 showers Female: 20 changing + 5 showers Disabled: 1 standard changing and shower cubicle Consider male and female to be disabled accessible
Entrance area:	15m ²
Reception:	5m ²
Office:	5m ²
Equipment store:	20m ²
Social area:	40m ²
Meeting room:	15m ² , could be divisible part of social area
Kitchen:	10m ² , with servery to social area
First aid:	First aid box in office
Cleaner's store:	With bucket sink
Car parking*:	35 spaces, including 4 disabled bays and 20 overflow spaces for events * Subject to Local Authority parking standards

Other design considerations

Bar – serving into social area (could be combined with kitchen servery)

Additional storage - to kitchen/bar and general areas

Additional capacity – to toilets, changing, social area and parking to cater for major events

This brief is indicative only. Figures given are not intended to be either the minimum or maximum required but rather a starting point for each scheme to identify its priorities and define its needs in detail.

All schemes will have to meet statutory requirements, which will vary from scheme to scheme and may differ from figures shown above, as well as design standards for playing court sizes, flooring, lighting, etc.

Table tennis is an inclusive sport and Table Tennis England encourages the design of facilities to go beyond the minimum requirements of the Disability Discrimination Act to provide facilities that are welcoming and accessible to all.
