Dear Colleagues

National Council 14 December

As part of the Board's review of Mission 2025, it has invited National Council's input on the following issues concerning our (Table Tennis England's) membership strategy:

1. How we can work with our leagues and clubs to increase their membership.
2. How we can aim to have a pathway to guide those who take part in mass participation projects towards joining local clubs, leagues or other suitable outlets.
3. How we can widen the organisations affiliated to us beyond the traditional leagues and clubs so that we can guide their members towards joining Table Tennis England.

As these are issues that your Counties may well have views about, I thought I should let you know this now to give you as much time as possible to consult them before the meeting on 14 December.

Best wishes
Estyn
(Estyn Williams – National Council Chairman)
