

Preparing for Stage 2 – Limited club activity

Topic; clubs with their own facility

Following the recent government announcement made on the 9th July 2020, indoor table tennis will be able to resume from the 25th July 2020, with certain social distancing restrictions and hygiene requirements in place.

To enable table tennis to return safely to clubs and other indoor venues, we have produced a set of recommendations that can help table tennis to start again safely, which you can see in the Hygiene and Facility guidance documents on the ready to return sections of the website. This document has further links to guidelines for clubs that own their own facilities. If clubs would like to book in a one to one session with a Table Tennis England member of staff to help interpret this advice and for guidance on the steps and measures you need to take, please visit the link below.

Book a one to one session available with a Table Tennis England member of staff to help plan your return:
