

Main Enhancements July 2020 - April 2021

No.	Issue
	Competition Set Up
1	Division ordering - Divisions can be created in any order and then moved to reflect correct order
2	Start time of all matches can be specified - no need to specify for each team
3	Missing competition settings shows a warning on screen
4	Start date added as a divisional override
5	Membership renewal status shown in Team data sheet to show eligibility of team members
	Fixture Management
6	Action tracking for postponed matches
7	Add skipped weeks to multiple divisions
8	"Delete All Byes" in a Division
9	Generate fixtures for all Divisions at same time
10	The ability to replace a bye team with a "real" team (helps with any late entries to the league)
11	Ability to edit description used in skip weeks once inserted
12	Download full fixtures list to import into your calendar of choice
	Results Management
13	Match date and time can be change before submission on the results-entry form
14	Match card navigates to the top on submission to verify score is correct
15	Display of cumulative score in results-entry form
16	Option for both "horizontal" and "vertical" formats for match cards
	Reserve Management
17	Reserve rules added in the divisional overrides
18	Reserves clearly identified on Results-entry card and on Match Card
19	Colour coding in the reserves management area for clear indications of reaching limits
20	Step ups per team added to reserve management rules
21	Switch off reserves in Edit Team, so team can operate independently without using that club's reserves
22	Reserve Management data published on public website so team captains can determine player eligibility
	Averages
23	Option to display Player Average for all matches a player has played in that Division rather than only separately by team
24	Doubles averages table
25	Filter on Player Averages to only show those players that have played a specified number of matches
26	Ability to sort averages by player, club or team name
27	Add POTM section to results list

28	Reserve players clearly identified on averages tables
	Local League Ranking
29	Piloting of Local League ranking scheme
30	Document explaining Local League ranking scheme added to public website
	Public Website
31	Archiving of completed competitions
32	Improved display of multiple competitions/ability to change competition menu layout
33	Points Adjustment in Divisional Table in public website to explain the reason(s) for the adjustment
34	Quick links to other pages within a division e.g. Tables / Fixtures / Averages
35	Option to display sets won by each player in list of results
36	Filtering of fixtures and results to produce variety of displays
37	Number of visitors to website now recorded on dashboard in Admin system
38	Direct links to Ranking List and Reserve Management added to footer menus
39	Match cards are now printable
40	Full set of options/permissions (including disable) for direct submission/approval of results via public website
	News Items
41	Choose how many News Items to display
42	National news on the homepage
43	Setup default news article (preview) image
	Information & Content Items
44	Automatic production of contact details of club secretaries via "Page Layouts"
45	Ability to re-order Menu Groups in "Information"
46	Re-order content items within menu groups
47	Secure Content - options for TTE members, league members and custom groups
48	Primary Contact and Secretary can be added to clubs and shown on the public website
49	Add club details pages
50	Location of all league venues displayed on a single map
	Email
51	Resend a previously created message
52	Save messages to draft for sending later
53	Preview selected recipients before sending a message
	Help Guides
54	Added direct access to Help Guides for TT Leagues
55	Video Tutorials on "Public Website" added to TT Leagues page on TTE website. Other Video Tutorials to follow
