

## Table Tennis England Selection Policy

### England Hopes Squad 2021/22 Season

Version: 1.0

August 2021

#### 1. Policy Purpose

This selection policy relates to the England Hopes Squad for 2021-2022 season. The England Hopes Squad is the entry level national training programme which is part of the Table Tennis England Performance Pathway.

#### 2. Performance Pathway Philosophy, Purpose & Status

Our performance philosophy is to help players find out what they are capable. To achieve this, a series of training squads and programmes have been put in place to challenge players at every stage of development. This philosophy is underpinned by three key areas outlined in our PAC principles (Player skill, athlete skill, competition skill).

The training squads provide an opportunity for players, coaches and parents to understand the commitment and demands elite international table tennis requires. The programmes will work with people who share our philosophy and are willing to commit fully to the programme we direct both on camp and in the players' daily training environment.

#### 3. Selection Panel

A selection panel will be established comprising of:

- a) Table Tennis England Head of England Performance (Chair);
- b) Table Tennis England Head Coach;
- c) Table Tennis England Hopes Squad Lead Coach

In the event of a split-decision, the Chair will have the casting vote. Additional experts may be asked to provide evidence and/or advice to the Selection Panel, at the request of the Chair. In the event of any conflict of interest for any member, the Table Tennis England conflict of interest policy should be adhered to. Any member with a conflict of interest shall not be entitled to vote on that issue.

## 5. Squad Overview

Players’ need to clearly demonstrate key traits in their character which are vital for performance. These include:

- Commitment;
- Resilience – need to have a “never say die” attitude;
- Problem solver – players who continually search to find a way in any situation;
- Ability to concentrate and focus in demanding and challenging situations;
- Positive attitude and determination to be better;
- Willingness and openness to learning;
- Strong work ethic – willing to push their capabilities and work in the “Ugly Zone”;
- Self-reliance;
- A team player.

The England Hopes squad is the Table Tennis England introductory training programme. Players need to be able to demonstrate a sound technical ability, physical foundation on which to build and the ability to train with others. The programme will focus on developing more of the fundamental technical, tactical, physical and mental skills needed for the sport through the England Skills Award framework. All players who apply and for the England Hopes Squad are agreeing to commit to the following programme:

- Attend all England Hopes Camp – this activity to be prioritised over any other training / competition activity;

- Commit to a minimum of 12 hours on-table training per week in their local club(s). This excludes competition play such as local league matches, star rated competitions;
- To nominate a primary table tennis coach who will be the single point of contact which performance and player specific information will also be shared with (please note this cannot be a parent / guardian unless the parent / guardian is the qualified and recognised coach of that player);
- To relay learning and feedback from training camp activity to the players' primary coach. Each player will have specific areas of development to focus on from each camp which the player must demonstrate improvement in the next time they attend a Hopes training camp.

The programme takes a holistic approach to the players', developing them not only technically, but also developing their ability to engage in purposeful practice which enhances the ability to learn, as well as develop other key physical and mental abilities that are needed in performance. Training will be demanding in many ways, with players challenged and operating outside their comfort zone.

This season's programme will begin with a wider group of players up to the end of December 2021. On each camp, players will be given areas of development to go away and work on. It is then for the players to demonstrate the improvement on these areas to the satisfaction of the performance team. Only players who have clearly demonstrated improvement will be invited to attend the following camp. Following the last camp prior to the end of December 2021, a final group selection will be made, with these selected players invited to attend the remaining camps for the 2021/22 season.
